

DISTRICT OF SAANICH

WILKINSON / INTERURBAN / HASTINGS INTERSECTION

PUBLIC COMMENT SHEET:

The Project Team of the District of Saanich and their consultant would like your input to the proposed improvements to the Wilkinson / Interurban / Hastings Intersection.

In addition to the challenges posed by traffic growth, the District and community has expressed a desire to support 'Active Transportation' within the community. There is a need to find a balance between transportation and land use objectives, integrating pedestrians, cyclists, and transit with vehicular traffic.

Input towards a preferred option for your community's transportation network is important and we would appreciate your comments.

1. How well do the proposed plans address the following issues within your community?
